## Services

### Storage, cross-docking and inventory management

Need to store products for a few hours or months? Refrigerated or not? Whatever your wish: with some sixty years of experience, Varekamp Coldstores knows how to deliver tailored solutions.

For the storage of potatoes, vegetables, fruit, bulbs, flowers and plants.

### Customs formalities

Varekamp Coldstores is a bonded warehouse. We take care of your customs formalities, including filing your customs declaration in the required format.

## Facilities

### Size of company

Varekamp Coldstores' business premises extend over 11,000 m<sup>2</sup>. Our 18 docks and refrigerated shipping area of 2,500 m<sup>2</sup> enable us to quickly unload, cross-dock and load.

### Coldstores

In each of our 26 coldstores the temperature (-3 to +20 °C), circulation, ventilation and humidity can be set individually.

### Special facilities

A special segregated sorting area, drying chamber and forced cooling facilities are available.

## Quality

### Quality Control

At your request, we are able to carry out an extensive quality control upon receiving your goods. The result of the inspection included pictures is compiled in a report which is sent directly.

### Certificates

Varekamp Coldstores has the BRC Storage & Distribution and the IFS Logistics certificate including HACCP. Varekamp Coldstores is also Skal certified for the storage and repackaging of organic products, including the necessary paperwork.

# Differentiating specialities

## Speed and efficiency

Varekamp Coldstores uses a warehouse management system to manage both your inventory and the bonded-warehouse activities. Activities, processing your order quickly and efficiently.

## Up-to-date

The barcodes on your pallets are scanned using "RF barcode scanners". This gives us optimum control over your order from receipt to loading.

## Electronic update

You automatically receive a report as soon as your order has been processed or loaded, thus you immediately know when Varekamp Coldstores has processed your products.

## Full traceability

Varekamp Coldstores records your or your supplier's pallet number as soon as we receive the shipment. This unique pallet number is stated in the receipt and loading reports you receive from us, guaranteeing your order is always fully traceable.

## Discreet

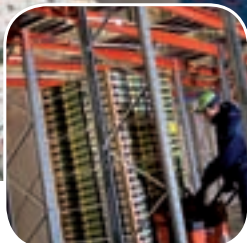

Varekamp Coldstores works exclusively with barcodes in its warehouses. Your order is anonymous during the operation: our employees scan the barcode with mobile handheld terminals every time the pallet is moved.

## Personal contact

Suppose your order has a special status or needs special handling: in addition to the extensive and detailed information that you automatically receive from Varekamp Coldstores, you can also get in touch directly with your contact at Varekamp Coldstores to discuss tailored services thereof.
